

Greetings!

Spring has finally arrived and while we may all wish for less wind (and a little more rain), the sun is shining and we don't have to cope with snow. We also have a perfectly timed presentation with our **April presenter, Jennifer Hobson of Jericho Nursery**. Jennifer has presented to us previously and provided excellent information about appropriate plants for our climate and soil and timing for spring planting. She will I'm sure do that again but she also wants to engage you in a conversation and focus on answering any questions you may have. So please come prepared or perhaps you may want to raise some questions in advance which you can do my emailing **Ellen McMahon** who is the **coordinator for our April presentation**.

Our **greeters** for April are **Barbara Hill** and **Joan Lucero**.

Our **April refreshment team** includes **Carol Ordogne, Rose Davidson, Ivona McCrary, Patt Cain** and **Lisa Rossi**.

We will be **collecting cash or checks for St. Vincent de Paul food bank**. This is a very important collection to help feed the needy. Our **coordinators** for the collection are **Joan Chamier** and **Judith Austin**.

I am looking forward to seeing each of you and hearing an educational presentation.

Linda Suydam, President.
